MOHAMMAD SHIFUDDIN AZAD

SHIFT IN-CHARGE (ELECTRICAL & AUTOMATION)
KSRM STEEL PLANT LIMITED (MELTING UNIT)

CAREER OBJECTIVE

To contribute in a steel plant environment by applying hands-on experience in Induction Furnace (IF) & Ladle Refining Furnace (LRF) operation, high-voltage electrical systems, EOT cranes, and plant utilities. Focused on ensuring safe, stable, and continuous production through effective troubleshooting, preventive maintenance, and real-time operational control. Aiming to improve equipment reliability, reduce downtime, and enhance overall plant efficiency.

PROFESSIONAL EXPERIENCE

Total Professional Experience: 10+ years

1. Shift In-Charge (Electrical & Automation) | KSRM Steel Plant Limited (Melting Unit)
   December 2017 – Present
   Location: Bara Kumira, Sitakunda, Chattogram, Bangladesh.

Key Responsibilities:

- Lead Induction Furnace (IF) & Ladle Refining Furnace (LRF) operation, erection, and commissioning for steel billet production
- Operate and troubleshoot High Voltage systems, MCC panels, transformers, furnace auxiliaries, and plant utilities
- Supervise EOT Crane operation and maintenance, WTP, cooling systems, and utility networks
- Manage furnace shift operations ensuring load balance, power stability, and continuous production
- Implement Preventive, Predictive & Breakdown Maintenance to minimize downtime
- Ensure strict compliance with electrical safety standards and LOTO procedures
- Support installation and optimization of electrical and automation systems

2. Sub Assistant Engineer (Electrical) | Zilani CNG Filling Station Limited
   March 2017 – November 2017
   Location: Karnaphuli, Chattogram, Bangladesh

Key Responsibilities:

- Operated gas engines along with associated electrical and control systems to ensure continuous and stable plant operation
- Performed Preventive and Corrective Maintenance of compressors, WTP, and auxiliary electrical equipment
- Supported troubleshooting of electrical faults to maintain uninterrupted operations
- Ensured strict compliance with industrial and operational safety standards

3. Sub Assistant Engineer (Electrical) | HKD Outdoor Innovations Limited
   July 2016 – February 2017
   Location: KEPZ, North Patenga, Chattogram, Bangladesh.

Key Responsibilities:

- Maintained and troubleshot industrial machinery including slitting, cutting, and utility systems
- Operated boilers, generators, compressors, and other plant utility systems
- Provided rapid breakdown support and executed preventive maintenance activities
- Ensured continuous production through effective monitoring of electrical and utility systems

4. Executive | IBO Event Management
   December 2015 – June 2016
   Location: Agrabad, Chattogram, Bangladesh.

Key Responsibilities:

- Managed field operations for mobile financial account activation and customer support.
- Handled documentation, coordination, and operational reporting.

EDUCATION QUALIFICATION

B.Sc. in Electrical & Electronic Engineering | Port City International University
Passing Year : 2026
Session : Fall-2022
Result : CGPA 3.74 out of 4.00

Diploma in Electrical Engineering | Chittagong Polytechnic Institute.
Passing Year : 2015
Result : CGPA 3.02 out of 4.00
Board : Bangladesh Technical Education Board.

Dakhil (Science) | Patenga Islamia Fazil (Degree) Madrasah.
Passing Year : 2011
Result : GPA 5.00 out of 5.00
Board : Bangladesh Madrasah Education Board.

ACADEMIC PROJECTS

Smart Hybrid Solar–Wind Microgrid for Reliable Off-Grid Electrification

- Hybrid system design, control, and performance analysis for off-grid supply
- Focused on reliability improvement and renewable energy optimization

INDUSTRIAL TRAINING

Industrial Attachment (3 Months)
Eastern Cables Limited – Chattogram, Bangladesh

Training Focus Areas:

- Power Cables & Conductors Manufacturing, including insulation, testing, and finishing processes
- Exposure to industrial production systems and workflow management
- Familiarity with high-power cable applications in industrial and utility systems
- Implementation of industrial safety standards and operational procedures
- Basic knowledge of quality control, testing, and plant maintenance systems

ELECTRICAL SUPERVISOR LICENSE

Electrical Supervisor License (ABC Category)
License No: S20220010217
Issued by: Electricity Licensing Board, Bangladesh (Power Division of the Ministry of Power, Energy and Mineral Resources)

KEY SKILLS

- Induction Furnace (IF) & Ladle Refining Furnace (LRF) operation, erection, commissioning
- High Voltage Electrical Systems, MCC, transformers, and plant utilities
- ABB & Siemens Drives, SIMATIC S7, WinCC, SCADA, HMI systems
- PLC-based machinery troubleshooting and industrial automation systems
- EOT Crane (75/30T, 40/15T, 15/15T) operation, maintenance & commissioning
- SF6, Vacuum, and Air Circuit Breakers (VCB/ACB) operation and maintenance
- Transformer testing: BDV, Tan Delta, Moisture testing
- Transformer Oil Purification Plant operation (6000 LPH)
- Single Line Diagram (SLD) and control circuit analysis
- Industrial instrumentation and field devices (VFD, sensors, relays, CT/PT, transmitters)

PERSONAL INFORMATION

Father's Name	: Late Mohammad Abu Taher
Mother's Name	: Jahanara Begum
Permanent Address	: C/O: Motaharar Bari Village: Khurda Gohira, Ward No. 7 P.O: Dovashir Hat – 4376, P.S: Anowara District: Chattogram, Bangladesh
Date of Birth	: July 29, 1995
National ID	: 1003870530
Blood Group	: O+
Nationality	: Bangladeshi (by birth)
Religion	: Islam
Marital Status	: Married
